Each Alen Yacht is tailor-made to meet the precise needs of its owner, from navigation system to the cabin configuration, all individually customised. Each yacht shares similar elegant lines and timeless design features. Our yachts are commissioned by those seeking a 45–70-ft craft evoking the standards of a superyacht. Alen Yacht has built 53 boats which has been all delivered to the Owners' in its 20 years of operation.

## ● ALEN 45 YACHT

ALEN 45's walk-around deck maximizes the use of exterior space; high bulwarks secures and protects from spray and V-shaped hull designed to ensure steady cruising in all conditions. 12 guests fit comfortably on board, will be well accommodated by the alfresco dining area and wet bar. Owner's choose their preferred layout, veneer and upholstery. Provides quite and comfortable ride. Extremely silent for an open day boat. Powered by 2 X Volvo IPS 600 drives with less vibration than a conventional shaft system. Two layers of installation in the engine room, nearly half-inch-thick teak rather than the more standard quarter-inch and a strong sandwich hull with AIREX foam further contribute to sound control. Performs at a top speed of 41 knots.

## ALEN 55 YACHT ●

ALEN 55's center console and walk-around deck is comfortable, safe and easy to operate without the need of crew. Live life outside is the spirit with an unusually generous out deck space. Single-level teak deck with deep bulwarks, you are always 'in' rather than 'on' the boat. Walk-around aft sunbed offers easy access to the swimming platform making it a wonderful place to enjoy by the sea. An open kitchen with all appliances to prepare a delicious meal on deck. Mid-ship layout is carefully designed to ensure that guests

can interact regardless of whether they are at helm or cooking. Additional sun awning can be raised to cover the aft sunbathing area secured by two carbon poles set into the bulwark. Custom-made anchor operates with a hidden push button from the dashboard. Teak flooring, leather wall panels and lacquered surfaces produce a warm, natural ambiance. Can be completed almost any way an owner chooses, from the general arrangement of cabins to fittings, all is made possible with the spacious interior volume. Custom made sofa at lounge can easily convert into a double berth for additional overnight guests. Cabins have very generous storage space. There is a selection lighting options that can be changed depending on your mood. The glass separation gives light and depth into the aft cabin.
